

TONOHARU PART ONE

“For fans of *Lost in Translation*”

—Sean Howe, ENTERTAINMENT WEEKLY

THE GRAPHIC NOVEL **TONOHARU: PART ONE** was originally released in hardcover through a \$10,000 grant from one of the creators of the *Teenage Mutant Ninja Turtles*.

Following two sold-out printings, it returns this fall in a completely redesigned paperback edition.

Tonoharu tells the story of a young American who moves to rural Japan to work as an English teacher. Through the skillful interplay of prose and beautifully detailed illustrations, *Tonoharu: Part One* explores the joys and frustrations that result from an extended stay abroad.

“A fully realized, engaging tale of international alienation.”
